

Cloney Rural Development Association

Autumn 2010 Update

I would like to welcome everyone to another season of CRDA activities. We hope to have something for everyone throughout the season. With the ACORN Centre fully completed we want to know what activities you would like to see happen in the centre. We hope to carry out a survey later in the year and would value your participation.

Finally I would appeal to anyone not in the CRDA 75 Club to join. This is the group's only sustained means of income for the year. It costs £10 per month with £300 of prizes every month. A direct debit form is available from the ACORN Centre, any committee member or visit our website at www.crda-online.com to download one. Winners of the draw are posted on the website every month.

Teresa Magee
CRDA Chairperson

Cloney Rural Development Association

Autumn 2010 Update

I would like to welcome everyone to another season of CRDA activities. We hope to have something for everyone throughout the season. With the ACORN Centre fully completed we want to know what activities you would like to see happen in the centre. We hope to carry out a survey later in the year and would value your participation.

Finally I would appeal to anyone not in the CRDA 75 Club to join. This is the group's only sustained means of income for the year. It costs £10 per month with £300 of prizes every month. A direct debit form is available from the ACORN Centre, any committee member or visit our website at www.crda-online.com to download one. Winners of the draw are posted on the website every month.

Autumn 2010 Update

I would like to welcome everyone to another season of CRDA activities. We hope to have something for everyone throughout the season. With the ACORN Centre fully completed we want to know what activities you would like to see happen in the centre. We hope to carry out a survey later in the year and would value your participation.

Finally I would appeal to anyone not in the CRDA 75 Club to join. This is the group's only sustained means of income for the year. It costs £10 per month with £300 of prizes every month. A direct debit form is available from the ACORN Centre, any committee member or visit our website at www.crda-online.com to download one. Winners of the draw are posted on the website every month.

Autumn 2010 Update

I would like to welcome everyone to another season of CRDA activities. We hope to have something for everyone throughout the season. With the ACORN Centre fully completed we want to know what activities you would like to see happen in the centre. We hope to carry out a survey later in the year and would value your participation.

Finally I would appeal to anyone not in the CRDA 75 Club to join. This is the group's only sustained means of income for the year. It costs £10 per month with £300 of prizes every month. A direct debit form is available from the ACORN Centre, any committee member or visit our website at www.crda-online.com to download one. Winners of the draw are posted on the website every month.

Teresa Magee
CRDA Chairperson
